

FIRST LEGO League Challenge

2024 - 2025 Southern Illinois Scrimmage/Development

Dive a little deeper into the season by:

- Taking some scored practice runs on a competition table with referees.
- Doing practice presentations to Innovation Project and Robot Design judges
- Receiving help from mentors and other teams to move things along in your progress to the qualifying tournament

No matter what stage your robot, project or team is in, you'll come away from this event further along than when you went in.

Join us on Friday, October 25th from 6-9pm
Pontiac Junior High School, Fairview Heights
400 Ashland Ave, Fairview Heights, IL

It's FREE! Register by sending an e-mail with coach/adult name, team name/number, and number of projected attendees to:

Iron141@att.net

Bring your robot and project with you – no matter what state they're in!
